### Team Captains and Walkers Needed

### Depression in Later Life

Depression affects more than 19 million Americans every year, regardless of age, race, or gender. While depression is not a normal part of the aging process, there is a strong likelihood of it occurring when other physical health conditions are present. For example, nearly a quarter of the 600,000 people who experience a stroke in a given year will experience clinical depression.

Perhaps like me, you have sponsored the participation of a friend or family member in a walkathon benefiting a worthy cause, or you have even taken part in one yourself. Each year thousands of these WALKS raise considerable public awareness and hundreds of millions of dollars for a myriad of national health problems, but up to now, never for mental illness.

I am proud to be serving as the General Team Chair for the NAMI WALKS for the Mind of America event here sponsored by NAMI Seneca, Sandusky & Wyandot counties as well as NAMI Ottawa County. This WALK, which will be held on September 9, 2006, will be part of a nationwide program sponsored by NAMI that has two primary goals: 1) To increase public awareness about mental illness and the devastating effects that it has on the lives of millions of Americans, or one in four families, every year. 2) To raise much needed dollars to help fund the wide array of NAMI support, education, advocacy and research programs.

NAMI of Seneca, Sandusky & Wyandot counties and NAMI Ottawa County will be one of over 65 NAMI WALKS, held coast-to-coast in 2006. These WALKS will be even more successful if we can count on the support of friends like you! Additionally, the NAMI WALKS for the Mind of America program will be expanded to many more cities all across the country in years to come.

We are currently recruiting team captains and individual walkers. If you think you might be interested in learning more about our exciting plans to make this WALK the most successful first WALK ever held, I encourage you to contact me at 419-334-8021 or toll free at 888-582- 8889.

Sincerely

Dennis Wolf
